ERA Grizzard Real Estate is proud to announce their expansion into the Orlando market with the opening of their new, centrally located office in Downtown Orlando.

Boasting strong roots in Central Florida for nearly 50 years, their Orlando expansion marks the company's sixth office location. With an impressive history beginning in 1968 with a small office in Leesburg, FL, ERA Grizzard has grown into a nationally recognized, award-winning company with a team of over 150 full-time, career Realtors.

While the industry has changed over the past 50 years, ERA Grizzard has remained family owned-and-operated and dedicated to providing a superior Real Estate experience for their clients.

"Our team's ability to create and maintain relationships way past the closing table has made ERA Grizzard Real Estate the #1 ERA Company in the state of Florida," says **Gus Grizzard, Broker/Owner of ERA Grizzard Real Estate**. "While we're incredibly excited for this business opportunity, we're most excited about getting involved with the local communities that make Orlando a great place to call home."

Their new Orlando office will service the Real Estate needs of the greater Orlando area. It will, also, be the corporate headquarters for their growing Relocation Department, which assists families across the country who are relocating.

Their new office is located in the popular Uptown district of Downtown Orlando and is currently being remodeled. ERA Grizzard will officially open to the public on August 1st, 2015 and will host a Grand Opening Celebration on August 26th, 2015.

They invite you to visit their new location at 934 N. Magnolia Ave, Suite 301 | Orlando, FL 32803.
